EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 5 has been redrafted in proper idiomatic English format as follows:

A radiator with a securing device, comprising:

A radiator having a base with a plurality of cooling fins thereon;

A plurality of cooling pipes penetrating the cooling fins transversely and contacting the base;

A base plate having a heat-generating unit fixedly attached to the base plate, and further provided with a plurality of engaging holes;

the securing device comprising a locating part disposed under the radiator, attaching the radiator to the base plate, said locating part being flat and having an opening corresponding with and receiving the base of the radiator and having extending outwardly therefrom a plurality of elastic securing arms each with a fixing hole at an outer end thereof, the fixing holes receiving fasteners attaching the arms to the base plate, such that the base of the radiator is thermally engaged with the heat generating unit to dissipate heat therefrom.
